Subject: regarding calls on Dimock

Ann: Angela raised that HQ's is being called regarding Dimock and people wanted to know who to refer them to at a meeting with the Regional Administrator. He emphasized that any callers, with the exception of folks in Dimock who all know who to contact, should be referred to the website: <http://epa.gov/aboutepa/states/pa.html> which has a section on Dimock. Please pass the word.

Please let me know if you have any questions.

Ron
